Special meeting held at the request of Guy Murray on behalf of the City of Vidalia to discuss declaring state of emergency for Concordia Parish due to high water level expectations in the Mississippi River and torrential rains flooding in the floodplain area. This declaration will aid in the efforts of protecting the City of Vidalia water wells, which supplies drinking water to local residents. Should the need arise, this will allow Mr. Murray the ability to access state resources to assist the city in such efforts.

A motion was made by Mr. Tiffie seconded by Mr. Wilkinson to Declare State of Emergency for Concordia Parish. Motion carried.

There being no further business a motion was made by Mr. Parker seconded by Mr. Wilkinson that the meeting be adjourned. Motion carried.
